	CSS	Python	IT Support

Experience

Free Knowledge Africa

Strategy and Technology Lead

2021-Present

Led a successful team, securing \$60,000+ in funding and partnering with government agencies and NGOs. Coordinated 15 impactful programs benefiting over a million individuals across five countries. Strengthened online presence and enhanced technical infrastructure by establishing email servers, maintaining the website, and implementing efficient task management systems like Slack and Asana.

FSDH Merchant Bank

Internal Control (Technology) Analyst

2023-2023

Reviewed user access for multiple enterprise applications, ensuring operational safety. Monitored regulatory compliance and cybersecurity using the COBIT framework. Evaluated vendor performance in line with service level agreements to improve uptime and reduce costs.

Like a Boss Courses

Course Coordinator

2021-2023

Created course content using Microsoft Office and Descript, achieving 95% satisfaction, and doubled email subscribers while increasing leads through strategic Instagram campaigns.

Corporate Castles LTD

Urban Planning Intern

2019-2019

Worked with a team that prepared environmental impact assessment reports, and site inventories. Assisted clients in obtaining a development permit.
